

The Society for Molecular Imprinting, in association with the Dept. Of Biotechnology, The University of Verona, Italy, are pleased to announce that the latest International Conference on Molecular Imprinting will be held in Verona on the 19th-21st June 2024.

Come and hear about the latest developments in the science and technology of molecularly imprinted materials from acknowledged experts in the field or showcase your own innovations in the area. Abstract submission is *via* the website: <https://mip2024.com>

Conference Venue: the Conference Centre of the Polo Universitario Santa Marta

The topics for discussion may include, but are not limited to:

- Synthesis of imprinted materials, monomers and templates
- Novel morphologies and formats of imprinted materials
- Molecular modelling aspects of imprinting
- Sensors, assays and other devices featuring imprinted materials
- Imprinted materials in separation science and sample preparation
- Imprinted materials in catalysis
- Imprinted materials in protein folding, enzyme inhibition and stabilisation
- Biologically-active imprinted materials
- Imprinted materials in biomedicine and drug delivery

Key dates:

Dates of conference: Wednesday 19th June to Friday 21st June 2024

Registration and Welcome Reception: Tuesday 18th June 2024

Deadline for abstract submission: 31st December 2023: abstracts submitted after this date may not be considered for oral presentations

Early bird registration by: register by 29th February 2024 for a discounted conference fee

Standard registration by: register by 29th May 2024 for the full conference fee, registrations after this date will be charged at the full rate plus a late registration supplement
